

Achieved & missed milestones from your project plan

- Achieved
 - Connect to MongoDB
 - Generative Art
 - Trip
 - Trip Feed
 - Trip Table
 - Grid Layout (Masonry List)
- Missed
 - Data visualization for “Gallery”
 - Data visualization for “Me”

Any difficulties that you encountered

- How to make Events meaningful without changing the data model?
- Incorporating d3 data visualizations

Any changes made to your design or project plan

- Include “Events” to add more community-related components
- Less emphasis on bio-info tracking and more on sharing the generated art directly
- Data visualization for the whole community coming soon for the next deadline
